

# THRIFT DAY

## Observance All Over the Country

On February 3rd, co-operating with cities, towns and villages all over the United States, we will celebrate THRIFT DAY.

Does Thrift pay? It does!

Waste and extravagance will get you nowhere. Thrift and a Savings Account will take you anywhere you care to go.

No matter who you are, what you do or where you live, you cannot succeed unless you save regularly.

# Observe Thrift Day by Starting a Bank Account Here

A sure indication of the practice of Thrift is a growing Bank Account.

Our Savings Department offers a most desirable depository. \$1.00 or more places your name on our books and large or small deposits are welcomed.

To our depositors THRIFT DAY offers an excellent opportunity to establish the custom of regularly adding to their accounts, or to increase the size of deposits when the old saving is already a custom.

To those who are not utilizing our facilities, a cordial invitation is extended to call tomorrow and register a start.

### Pointed Paragraphs on Thrift Day Observance

That Thrift idea you've had in mind to practice in the dim and distant future—it's just the thing for THRIFT DAY. Start something; get action—that's what THRIFT DAY'S for.

However we observe the day, in whatever way we're thrifty, the net result is a surplus at the bank.

Thrift implies saving—just rational, consistent saving. It has nothing to do with the higgardly, pennurious or miserly. In its fullest, broadest sense, it implies natural, happy living.

All join in on THRIFT DAY. It's distinctly democratic; no pomp, form or ceremony; no elaborate preparation. Just a hearty, healthy, yearly glance ahead—and some definite thrifty action.

It's a day to open an account at the bank, if it hasn't already been done.

It's reminding day for bank depositors; a time for extra saving; for registering at least one deposit that would not otherwise have been.

A billion dollars is a small estimate of the surplus laid by for the future, if all observe the day with only the smallest act of Thrift.

There are hundreds of ways of registering Thrift. And each saving effected is a step toward top-notch efficiency—a step well taken on THRIFT DAY.

Thrift leads to Happiness; is a key to Success; means prosperous old age. And it surely leads to the bank. As a THRIFT DAY observance, there is nothing better than to make that long-neglected deposit on Saturday.

THRIFT DAY is a time to unite Thrift thought with Thrift action; to take a step ahead.

# Savings Accounts Large and Small

Not the size of the account alone, but that you may utilize the facilities of this Institution, is of interest to our Officers.

With each individual, it is effort that counts and the big opportunity to register Thrift effort is on February 3rd.

Every department, every facility, the full service of the Bank of Commerce—all are at the disposal of this community's every member, and without regard to the size of deposits.

On THRIFT DAY we extend an especial welcome to all who wish to celebrate with us by opening or adding to a Savings Account.

# Are the Citizens of This Country a Thrifty People?

This question was answered in no uncertain terms by the fourteenth annual statement of our bank.

Here Are the Figures:

DEPOSITS DECEMBER 30th, 1916 . . . . . \$77,208.25  
 REPOSITS DECEMBER 31st, 1915 . . . . . 18,517.76

GAIN IN ONE YEAR . . . . . 58,690.49

This increase of more than 50 percent, shows conclusively that the people of our community appreciate the savings habit.

THRIFT DAY

—is the day to put wishes and resolutions into practice, to effect economies, savings and short cuts to better living; to modify unnecessary expense and thus increase contentment.

The officers of this bank appreciate the thriftiness of its depositors. We invite old friends and new ones to join in and help make Thrift Day a success as a National Savings Day.
